Education

OCT 2020

NATIONAL DIPLOMA, PETROLEUM TRAINING INSTITUTE

Computer Science And Information Technology

Skills

Languages: JavaScript, PHP, CSS3, HTML5, MySQL
Technologies: React.js, React-native, Redux, Next.js, Firebase, Express, Node.js, Figma

Professional Experience

CROWDFACTURE

Crowdfacture is a crowd funding platform where investors buy units in manufacturing project and earn 30% dividend for life.
While working for crowdfacture a subsidiary of Sumotech global I was responsible for building and designing the UI on crowdfacture mobile app and web app, from the UI architecture using Figma to code using React-native and React.js for web.
